To Whom It May Concern

This letter is my recommendation for Aliu Afeez. Until just recently, I have been Aliu immediate supervisor for a year and few months. I've known him to be consistently pleasant, and he tackles all assignments with dedication.

Besides being a joy to work with, Aliu is a take-charge person who can present creative ideas and communicate the benefits. he has been successful in developing different programming plans for our company which has resulted in increased in development.

Though he was an asset to our Development efforts, Aliu was also extraordinarily helpful in other areas of the company. In addition to writing effective training modules for sales representatives, Aliu assumed a leadership role in software development, inspiring and motivating other employees. I highly recommend Aliu for a graduate program at your university. he is a team person and would make a great difference to any organization.

Sincerely,

Oyedele Shina, Operation Manager ,Fordsoft Tech
